Action Accepted by FPDO and MHO in Meeting 10/30/87 in Lee Beach's Office

Re: Facility/Location options for BART TUNNEL

In a follow-up meeting about end of Nov. or first of Dec. present info to Lee Beach and others:

- options for a facility either in the Minor Constr. Program or Rehab + Mod Program
- Siting options for above options
- Rehab Possibilities, if any identified
- Earliest Practical Possibilities for either Minor Constr. or Rehab + Mod. Program
- Pros and Cons of all the above options

* I also had a note that stated need to update Cost Est. for Minor Program based on expanded BART reqts. ALSO:
  - Is PER Needed?
  - Can Aero Fund PER?
  - Earliest year this Reqt. could likely Bump a minor Program project?

I'VE PICKED 5 SITES THAT HAVE VARIABLE RANKINGS IN THE ELEMENTS OF THE SPREAD SHEET.

AFTER DISCUSSION, WE MAY ASSIGN R.O.M. COSTS FOR SOME / ALL / OTHERS
